JustuseCore (JUC) - Whitepaper

The Fun Side of CoreDAO

1. Introduction

JustuseCore is a community-driven memecoin built on the CoreDAO blockchain.
Our mission goes beyond creating a simple token; we aim to establish a platform where users can have fun, win rewards, and contribute to a growing ecosystem.
With our active raffle DApp, CORE holders can participate in draws and enjoy surprise opportunities regularly.

2. Vision & Mission

Vision: To create the largest and most active memecoin community on CoreDAO.
Mission: To combine fun with blockchain technology, rewarding our users and contributing to the CoreDAO ecosystem.

3. Our Product: JustuseCore Raffle DApp

- Users participate in raffles using CORE tokens.
- Prizes are distributed through transparent, blockchain-recorded draws.
- Future plans include the launch of NFT raffles and integration of mini-games to expand the ecosystem.
- DApp Website: https://justusecore.com

Participation Process:
Users connect their CoreDAO wallets to the DApp, use CORE tokens to purchase raffle tickets, and winners are selected through fair, verifiable smart contracts.
